

Together

we achieve

more!

We are a focused mid-sized group of companies:

International

With strong brands of independent companies.

Create.Future.Together.

We feel connected to our more than 140 years of history and the will to always design creative and **future-oriented solutions** for our customers.

Innovative technologies for **processing web-shaped materials** are the historically grown core of the Jagenberg Group and are our focus. Entrepreneurial thinking and the mid-sized culture are anchored in our DNA.

Short decision-making processes, a **high level of action competence** and an agile **organization** enable us to take successful steps into the future quickly and decisively.

We design creative and future-oriented solutions for our customers.

We face the future as a strong team.

We create the future together with our customers, suppliers and partners.

Create. **Future.** Together.

We are ready to face the **dynamic changes** that the future holds for all of us. Be it **technological progress, digitalization** or **climate change**.

We want to play an **active** role in shaping these **megatrends** for our **industry** and thus position our Group and our customers for a sustainable future. Our values are the foundation and **compass** of our **thoughts** and **actions**.

Our innovative solutions make their own contribution to ensuring **economically** and **ecologically** sustainable business tomorrow. We look forward to the future, **together** with you.

Groupwide co-operation
in our business area.

INDUSTRIAL SOLUTIONS.

We bundle our expertise in the following
business fields:

- Machinery & Plants
- Automation & Drives
- Digital

**Together
we are
Jagenberg Group!**

A man and a woman are shown in profile, looking towards the right. They are in a dark environment with some light spots. In the upper right, there is a glowing, colorful atomic model with blue, green, and orange orbits. The man is gesturing with his hands as if interacting with the model.

Create.Future.Together.

Together we are strong! This motto characterizes the cohesion in our group. We are a strong **team of mechanical engineers, automation specialists, digitalizers and creative minds.**

Because we are firmly convinced that the major challenges of the future can be mastered more successfully together. That is why we are already working together with our **customers, suppliers and partners** to develop innovative solutions for the new tasks facing us today and tomorrow.

We want to learn from each other on the basis of a fair and trusting **exchange** and build stable and **reliable partnerships** in the long term. Together we create the future.
